

# CLUB CHAMPIONSHIP RULES FOR 2008 COMPETITION YEAR

## **RULE STABILITY:**

If a member feels that the rules could be improved, then they may request changes be made. Any such requests must be received at or prior to the September Club meeting, so as to enable publication in the October Blower. Any changes to the rules will be decided on at the November Club meeting for application in the 2009 calendar year.

## **ELIGIBILITY:**

For the Club Championship, all members are eligible regardless of age, gender, or period of membership.

A member is eligible to compete in the Junior Championship if they were less than 18 years of age on the 1<sup>st</sup> of January of the competition year.

A member is eligible to compete in the Rookie Of The Year Championship if they have not yet completed their first full calendar year of competition on the 1<sup>st</sup> January of the competition year.

## **EVENTS TO COUNT:**

The events included in the Championship, as selected by the Committee, will include all of the types of events run by the Club. For an event to be included, it must be calendared and published in the Blower at least four weeks prior to the event. When an event is rescheduled, this rescheduled event will be included without the need to comply with the four week rule, as long as all entered competitors are notified of the change.

All eligible events will be scored for all competitors.

## **SCORING:**

Points will be allocated in the Club Championship according to position in class for BLCC members, with additional bonus points allocated for Outright positions.

CLASS POINTS: 10, 7, 5, 4, 3, 2, 1, 1 .....

OUTRIGHT POINTS: 5, 3, 1.

For the Club Championship, the lowest scoring event for each competitor will be dropped from the results. This may be a round in which the competitor did not compete.

The Rookie Of The Year Championship will be as per the Club Championship.

For the Junior Championship, the EIGHT best results will be totaled to give the final score.

The Motorkhana Championship will include all motorkhana events which were scored as part of the Club Championship.

The Khanacross Championship will include all khanacross events which were scored as part of the Club Championship.

The Speed Event Championship will include all speed events, ( Hillclimb, Supersprint, Standing 1/5<sup>th</sup> and Autocross ) which were scored as part of the Club Championship.

## CLASSES:

Classes will be dependent upon the type of event:

### MOTORKHAHA

## TIES

Ties will be decided by comparing the outright bonus points earned by each competitor for all rounds that they competed in. The competitor with the most bonus points will be declared the winner.

If both competitors involved in the tie have equal bonus points, then they will be declared joint winners.

## MULTIPLE ENTRIES

A competitor may enter an event multiple times in different vehicles. In this case, the competitor must nominate, at the start of the event, the entry which is to be utilised for the scoring of Championship points. If no such nomination is made, then the lowest scoring entry will be used.

## **RALLY DRIVER / CO-DRIVER CHAMPIONSHIP**

Given that the BLCC only runs two events per year, we need to allow competitors to include events from outside the club. A competitor may nominate results from any level of rally to contribute to their scores in both the drivers and co-drivers championship.

The scale of points will vary according to the level of the event as follows:

Closed to Club or invitation	20 – 1 ( 20, 19, 18...)
Clubman / Open / AMSAG	25 – 1
State Round	50 – 1
ARC Round	50 – 1
International	75 – 1

In addition to the above, each competitor will be awarded one point for starting the event.

The Australian Safari, or round Australia events, will be scored under the International scale.

The Centre Trek will be scored under the Open scale.
